McKAMEY, DEPUTY CITY CLERK DeGENNARO

DEPARTMENT HEADS LONG RANGE PLANS

Mayor Bairstow opened the workshop and asked the Clerk if she had heard from the other Commissioners.

Clerk McKamey stated that Commissioners Anderson and Abshier were out of town; Commissioner Chaffin had a work conflict so she did not expect any of them to be there tonight.

Mayor Bairstow stated that since there were not enough Commissioners present to hold the meeting - the meeting was cancelled for lack of a quorum.

Commissioner Nadeau stated that he just wanted to say that he considers the Long Term Plans valid, but unless the Commission agreed to fund the projects, it was a waste of time. The Commissioner stated that he also felt that the City should look forward and not just project expenses, but also look for future sources of revenues to fund the things that are on the Long Range Plans.

Mayor Bairstow stated we need to have at least one other Commission here, but for the City not to get discouraged because the Long Range Plans were for the City's Benefit and were valuable to the City, but we are missing the other Commissioners input tonight. The last two workshops had been cancelled for lack of participation

The Meeting was adjourned at 6:03 P.M.
