PROPERTY IMPROVEMENT GRANTS

The Property Improvement Grant Program is a partnership designed to encourage revitalization efforts. A unique way to think about the appearance of a business is that it serves as a ‘billboard advertising 24 hours a day, seven days a week, and 365 days a year.’ The overall appearance of buildings and other improvements of a business play a significant role in the public’s general impression of the City of Belleview. And perhaps more significantly, this impression also plays an important role in the marketing of Belleview as a special place in Marion County and Central Florida. For these reasons, the City of Belleview has developed the Property Improvement Grant Program on the belief that improvements to physical properties within the Corporate City limits will:

1. Promote the attraction and retention of quality businesses to the City
2. Promote economic growth for the City
3. It will strive to provide a positive impact to all property values in the City

Goals of the program:

- **Provide financial assistance to property and/or business owners**
- **Preserve the unique character and support the City motto “City With Small Town Charm”**
- **Encourage repairs and improvements / Green Development using quality materials and workmanship in the renovations**
- **Attract new businesses**
- **Compliment other revitalization efforts such as a Community Redevelopment Area and the City’s Comprehensive Plan**
- **Help to provide an attractive, comfortable place to shop, work, live, play, and socialize**
