### **Business Impact Statement:**

Ord 1012-17: Construction Noise

**1. Summary of Public Purpose:**

This ordinance was initiated by the City and seeks to provide citizens respite from excessive construction noise so they can enjoy peaceful family time and relaxation on their property one day a week on a Sunday.

**2. Direct Economic Impact on private, for profit businesses:**

There are no anticipated new charges or fees subject to the proposed ordinance for which the businesses will be financially responsible. There should be minimal impact on the City's regulatory costs. Most commercial construction companies operate Monday through Friday, with some also working on Saturdays. Emergency repairs by commercial construction companies are not affected.
